TILITONSE SUPER LIFE INSURANCE PLAN

Madison Life Insurance Company (**MLife**) is pleased to introduce Tilitonse Life Super Insurance Plan conveniently designed to remove the financial burden which bereaved families encounter whenever one of their beloved one dies. So often, when a member of a family dies, particularly those without adequate financial means, the Family members are forced to contribute money to assist in providing for funeral logistics like coffin, transport, food etc, which adds to the financial stress for the family.

The Tilitonse Super Family Insurance Plan covers a family of eight (**8**) members i.e. main member, spouse and up to six children biological or legally adopted children (**Maximum age of a child is 25 years**). The premiums range varies at a minimal amount from as low as **K54** to a maximum amount of **K415**. The Sum Insured (**amount payable to the deceased's family**) can be any amount from a minimum of **K1,250** for a child to a maximum of **K100,000** for an adult.

Up to **10 (Ten)** dependant relatives can be included depending on the affordability of the plan holder who will pay an additional premium for parents or dependent relatives from as low as **K 20 to K 400** for a Sum Assured ranging from **K 3,000.00** all the way up to **K 100,000.00**.

- There is a **Cash Back Benefit of 10%** of the premiums paid in every three (**3**) year cycle provided all premiums due are fully paid in that cycle and there was no claim paid in the period under consideration.

- Tilitonse Super Life Insurance Plan can be taken up by an individual Principal Member or an Employer for provision of funeral benefits to the employees as per the condition of service.
